# Arizona Health Care Cost Containment System Awards IT Consulting Contract to SoftPath Technologies.

**AHCCCS awarded one year contract, with option of 4 one year extensions, to SoftPath Technologies to provide Healthcare IT Consulting Services.**

**Livonia, MI**

SoftPath Technologies today announced that it is one of the vendors awarded an IT consulting contract by Arizona Health Care Cost Containment System (AHCCCS). Under the terms of the contract, SoftPath Technologies may provide variety of IT Services to AHCCCS including Project Management, System Development & Testing, Network and Database Administration on an "as-needed" basis either on full or partial owner ship. Apart from this, SoftPath Technologies may also provide IT Services under its niche focus areas of Business Process Management (BPM) & SharePoint implementations.

SoftPath Technologies will provide these services for an initial period of one (1) year with an option of four (4) one-year extensions.

The Arizona Health Care Cost Containment System (written as AHCCCS and pronounced 'access') is Arizona's Medicaid program. AHCCCS oversees contracted health plans in the delivery of health care to individuals and families who qualify for Medicaid and other medical assistance programs. As of May 1, 2012, AHCCCS has provided coverage to approximately 1.3 million members.

Mr. Jay Gubbala, Chief Solution Architect & Vice President, Service Delivery, said:

"There were a total of 20 respondents to a Request for Proposal issued by AHCCCS for this contract. We are delighted at being awarded this contract by AHCCCS and are pleased about the confidence that the contract expresses in our IT Consulting Services".
